

ANIMAL BIOSCIENCES MURAL: ARTIST WANTED

We are redesigning the wall outside ANNU 141 (8' x 7') to celebrate the next generation of ABSc graduates, keeping Indigenization, Equity, Diversity, and Inclusion (IEDI) principles in mind.

The winning design from a department-wide competition is provided below for inspiration, and we are looking for an artist to take this sketch and design a mural of their own style along this vein to be painted on the wall. Additional design notes – we would like the final version to be less cartoony and more timeless.

If interested, please email 3 sketches and a quote (materials + time) to Prof. David Huyben (huybend@uoguelph.ca) before January 12th with the subject line “ABSc Mural Artist”.
