

The Lanzarote Workshop on Stereotypic Behaviour was held in August 2005: a week of fascinating talks, great conversation, delicious food, and roaming the amazing volcanic landscape of this most extraordinary of Canary Islands. It was held at Casa Cantarilla, the perfect venue for informal meetings: see <http://www.casacantarilla.golanzarote.com/> and <http://www.casacantarilla.org.uk/>

*From left to right:*

**Top row:**
