| 1 A Decade-or-More's Progress in Understanding Stereotypic Behaviour | 1 |
| <i>J. Rushen and G. Mason</i> | |
| | |
| Box 1.1: Motivation and Motivational Explanations for Stereotypies | 12 |
| <i>R. Clubb, S. Vickery and N. Latham</i> | |
| Box 1.2: A Quick Systems Sketch of Brain and Behaviour, and the Key Systems Implicated in Stereotypies | 13 |
| <i>J.P. Garner</i> | |
| Box 1.3: The Coping Hypothesis of Stereotypic Behaviour | 14 |
| <i>H. Würbel, R. Bergeron and S. Cabib</i> | |
| Box 1.4: Behavioural Pathology – Attempt at a Biologically Meaningful Definition | 15 |
| <i>H. Würbel</i> | |
| | |
| PART I NORMAL ANIMAL, ABNORMAL ENVIRONMENT? | |
| | |
| 2 Stereotypic Oral Behaviour in Captive Ungulates: Foraging, Diet and Gastrointestinal Function | 19 |
| <i>R. Bergeron, A.J. Badnell-Waters, S. Lambton and G. Mason</i> | |

| | |
|--|-----|
| Box 2.1: Ungulate Ingestion and Digestion: Anatomical and Physiological Adaptations for Herbivory and their Behavioural Implications <i>S. Lambton and G. Mason</i> | 26 |
| Box 2.2: Do Ungulate-like Natural Foraging Styles Lead to Ungulate-like Stereotypies in Other Animals? <i>G. Mason</i> | 28 |
| Box 2.3: Is it Ethical to Physically Prevent Horses Performing Oral Stereotypies? <i>F.O. Ödberg</i> | 41 |
| 3 Locomotory Stereotypies in Carnivores: Does Pacing Stem from Hunting, Ranging or Frustrated Escape? <i>R. Clubb and S. Vickery</i> | 58 |
| Box 3.1: The Form of Carnivore Stereotypies <i>R. Clubb and S. Vickery</i> | 60 |
| Box 3.2: The Methods Used to Study Carnivore Stereotypies: Pros and Cons <i>R. Clubb and S. Vickery</i> | 62 |
| Box 3.3: Differences in the Prevalence and Form of Abnormal Behaviour Across Primates <i>M.A. Novak and K.S. Bollen</i> | 79 |
| 4 The Motivational Basis of Caged Rodents' Stereotypies <i>H. Würbel</i> | 86 |
| Box 4.1: Rodents – Their Diversity and Adaptability <i>H. Würbel</i> | 87 |
| Box 4.2: Wheel-running: a Common Rodent Stereotypy? <i>N. Latham and H. Würbel</i> | 91 |
| PART II STEREOTYPIC BEHAVIOURS AS PATHOLOGIES | |
| 5 Perseveration and Stereotypy – Systems-level Insights from Clinical Psychology <i>J.P. Garner</i> | 121 |
| Box 5.1: Abnormal Behaviour and Abnormal Repetitive Behaviour in Human Mental Disorder <i>J.P. Garner</i> | 124 |
| Box 5.2: Forms of Perseveration <i>J.P. Garner</i> | 126 |
| Box 5.3: Measuring Perseveration <i>J.P. Garner</i> | 129 |

| | |
|---|-----|
| Box 5.4: Stereotypies and Abnormal Perseveration – a Unifying Theory? <i>H. Würbel</i> | 142 |
| 6 Deprived Environments: Developmental Insights from Primatology <i>M.A. Novak, J.S. Meyer, C. Lutz and S. Tiefenbacher</i> | 153 |
| Box 6.1: Deprivation Stereotypies in Human Children: the Case of the Romanian Orphans <i>G. Mason</i> | 163 |
| Box 6.2: Maternal Deprivation and Stereotypy in Animals other than Primates <i>G. Mason</i> | 170 |
| 7 The Neurobiology of Stereotypy I: Environmental Complexity <i>M.H. Lewis, M.F. Presti, J.B. Lewis and C.A. Turner</i> | 190 |
| Box 7.1: Are Wild-born Animals ‘Protected’ from Stereotypy When Placed in Captivity? <i>G. Mason</i> | 196 |
| Box 7.2: Direct–Indirect Pathway Organization, Modulation and Drug Effects <i>J.P. Garner</i> | 210 |
| Box 7.3: A Brief Further Note on Psychostimulant-induced Stereotypies <i>D. Mills and A. Luescher</i> | 214 |
| 8 The Neurobiology of Stereotypy II: the Role of Stress <i>S. Cabib</i> | 227 |
| Box 8.1: Stress Sensitization and Exaggerated Reward-responses: the Role of VTA Opioids <i>B.M. Spruijt and R. van den Bos</i> | 231 |
| Box 8.2: Strain Differences in the Cage Stereotypies of Laboratory Mice <i>G. Mason</i> | 247 |
| Box 8.3: Stress and the Performance of Primate Stereotypies <i>M.A. Novak, J.S. Meyer, C. Lutz and S. Tiefenbacher</i> | 248 |

PART III TREATING STEREOTYPIC BEHAVIOURS

- 9 Environmental Enrichment as a Strategy for Mitigating Stereotypies in Zoo Animals: a Literature Review and Meta-analysis** 256
R. Swaisgood and D. Shepherdson

Box 9.1: Enrichment and Captive Breeding Programmes for Endangered Species: the Case of the Giant Panda 258
R. Swaisgood

Box 9.2: Enriching with SPIDER 260
J. Barber and D. Shepherdson

Box 9.3: The Effects of Enrichment in Biomedical Facilities: Some Insights into their Effects on Laboratory Primates' Stereotypies 266
M.A. Novak, J.S. Meyer, C. Lutz, S. Tiefenbacher, J. Gimpel and G. Mason

Box 9.4: Evaluating Stereotypy Frequency in Enrichment Studies: Different Methods Lead to Different Conclusions 268
S. Vickery

- 10 Veterinary and Pharmacological Approaches to Abnormal Repetitive Behaviour** 286
D. Mills and A. Luescher

Box 10.1: The Concept of 'Stereotypy' in Veterinary Behavioural Medicine: Terminology in Practice 291
D. Mills

Box 10.2: Implications of Recognizing Mechanistic Differences in Abnormal Repetitive Behaviour 294
J.P. Garner

Box 10.3: The Use and Testing of Pharmacological Compounds: Clinical Trials, Experimental Studies and Intervention Studies 307
A. Luescher

Box 10.4: Pacing, Prozac and a Polar Bear 309
E.M.B. Poulsen and G. Campbell Teskey

PART IV IN CONCLUSION

- 11 Stereotypic Behaviour in Captive Animals: Fundamentals and Implications for Welfare and Beyond** 325
G. Mason

- Index** 357
